Subject: Water Rate Increase

I am deeply upset that Carolina Water Services would even consider asking for this huge raise in our water rates. We as the little people have been hit by the bad economy as well as the big companies and it is not fair that they should catch us at our lowest and make it even worse because they know we have no other option but to pay.

I am a 57 year old widowed Grandmother who has went from a two income family to a one income family because of circumstances beyond anyone's control and it is hard to make ends meet without having extreme price increases in my monthly bills.

Thank you.
